THE AMNERTY PROCLAMATION.

WASHINGTON, Sept. 6 .- The Cabinet had under consideration at its meeting to-day the new amnesty proclamation, and agreed, after considerable discussion, substantially to the details. I telegraphed you one week ago to-night, the proclamation will not be issued before Monday or Tuesday. It was decided to-day to exclude from the benefits of pardon and amnesty only

the following classes:—

Fourth. All who are under indictment in the United States Courts-who were connected with the Rebellion.

Fifth. All who have been engaged in any way in treating otherwise than lawfully as prisoners of war persons found in the United States service as officers, soldiers, seamen, or in other

capacities.

If Alexander H. Stevens has not been indicted in a United States Supreme Court (and the fac-is not known here, if he has been) he is par-doned by the terms of the coming proclamation; but while Sitdell and Mason are in the class which is pardoned of Congressmen who left to ion the Rebellion, yet they are excluded from amnesty for having been foreign agents of the Confederate Government. By the new proclamation the following are those who will be par-

Goned:—
First, All who left judicial stations under the United States to aid the Rebellion.
Second. All who left seats in the Congress of the United States to aid the Rebellion.

Third. All who resigned or tendered resignations of their commissions in the army of the United States to evade duty in resisting the

Fourth. All persons who have been or are absentees from the United States for the purpose of aiding the Rebellion.

offices of Governors of States in Insurrection against the United States.

All persons who left their homes within the jurisdiction and protection of the United States, and passed beyond the Federal military lines into the pretended Confederate States, for the purpose of aiding the Rebellion. Eighth. All persons who have been engaged in the destruction of the commerce of the United States upon the high seas, and all persons who have made raids into the United States from Canada, or been engaged in destroying the commerce of the United States upon the lakes and rivers that separate the United States, except where their rank is above that of Captain in the Rebel navy or Brigadier-

General in the Rebel army.

THE SICKLES-GRANT CORRESPONDENCE. In the World of Saturday last a full synopsis of the correspondence between Generals Grant and Sickles relative to order No. 10 was given

exclusively.

General Sickles' report in to-day's papers omits the telegram sent to him to suspend that por-tion relating to processes of the United States Courts. It is as follows:—

Warnington, Aug. 13,—To Major-General Sickles, Charleston, S. C:—Paragraph 2, General Order No. 10, current series, must not be construed to bar action of a United States Court. Authority conferred on District Commanders does not extend in any respect over the acts of the Courts of the United States, U. S. GRANT, General.

The fo'lowing is Grant's telegram revoking the one just given. It completes the telegraphic correspondence:-

WAR DEPARTMENT, Aug. 17, 1867,-Major-General WAR DEPARTMENT, Aug. 17, 1807. Major-ceneral Daciel E. Sickles. Commanding. etc.:—Your despatch of this date is received. Follow the course of action indicated by you as right, and regard my despatch of the 18th as entirely withdrawn.

A RADICAL RESELLION. The Boston Post's Washington correspondent

"Some startling revelations are leaking out here touching the revolutionary schemes of the radical leaders. It has been discovered that the plan for radical Governments and negro supremacy in the Southern States was concocted and matured at the Convention of Southern 'Loyalists' on the 18th of September last, in Philadelphia, where were present the radical Governors of the several Nor hern States. It was then and there determined to organize a revolutionary army which should hold the South under the control of the radicals, regardless of what might be the popular vote. It was also determined that E. M. Poase should by some means be placed at the head of the State organization in Toxas, and in obedience to this plot of the revolutionists General Sheridan deposed Governor Throckmorton and Installed Pease in the Executive chair. In urther continuation of the same plot, General E. J. Davis was given a roving commission by General Sheridan destensibly for the purpose of superintending the registration, but really to organize the Texas quota of the Grand Army of the Republic, the members of which are sworn to hold the power of the South regardless of constitutional or legal barriers. That work is now in rabid progress, and funds are being sumplied through the Loyal Leagues' by the Radica Congressional Committee of this city of which Mr. Schenok, of this is Chairman. My Information is to the effect that this militery organization is now being rapidly pushed forward in all the Southern States, and it is reported that the suprema command of this revolutionar force has been bestowed upon the late commander of the Fifth Military District. In view or this powerful organization, which stands read to through the Government, the late proclams ion of the Prasident may not be lit-timed. Of the truth of this statement there is now abundant proof, and steps will be taken by the Government to meet the Impanding danger." says:"Some startling revelations are leaking out here"

THE CALIFORNIA ELECTION. | SECOND A Complete Democratic Victory — The Ticket Elected.

New York, Sept. 7.—The World of this morning publishes the following despatches from SAN Francisco.

SAN FRANCISCO, Sept. 6 .- We have elected San Francisco, Sept. 6.—We have elected Governor, Congressmen, Legislature, city officers. Our victory is to the radicals and corruptionists a perfect Waterloo defeat. The Democratic majority is from 5900 to 10,000, a Democratic gain, at the lowest estimate, since the last Gubernatorial election, of 24,000 votes? We have swept the State, electing all our candidates—State officers, members of the Legislature, and a majority of all the local officers, besides Congressmen. Three Democratic Representatives in Congress probably, and a Senator certainly, from California!

WASHINGTON, Sept. 6.—The following has been received here:— SAN FRANCISCO, Cal., Sept. 15.—Hon. Mont-gomery Biair and General Denver:—California gomery Biair and General Denver:—Uniformia sends greeting to all conservative citizens at the East, having elected Henry H. Haight Gov-ernor by many thousand majority, following in the footsteps of Connecticut, and improving on the example. The Legislature is Democratic, and the State is thoroughly redeemed. Two Congressmen are believed to be elected.

Joseph P. Hoge, Chairman.

JOSEPH P. HOGE, Chairman. JOHN MIDDLETON, Treasurer. THOS. N. CAZNEAN, Becretary.

A private despatch estimates the Democratic majority at 10,000 on the State ticket. The Democratic Congressmen known to be elected are Messrs. Antell and Johnson, of the First and Third Districts.

Washington, Sept. 6—11:30 P. M.—The latest the congress of the congress

despatches from California to high officials state that official returns show that the Demo-crats have elected their Governor by 10,000 malority, and two of the three Congressmen. The Republicans have probably elected the Repub-lican Congressman in the Second Dis rist. A clear Democratic majority is secured in the Legislature, on joint ballot, and this secures a Democratic United States Senator in place of

THE DEMOCRATIC SUCCESS IN CALIFORNIA. The indications now are that the entire De-mecratic State Ticket of California, lucluding the three Congressmen, has been elected. The

the three Congressmen, has been elected. The following is the ticket:—
Governor, Henry H. Haight; Lieutenant-Governor, William Holden; Secretary of State, H. L. Nichols; Comptroller, Robert Watt; Treasurer, A. Coronel; Surveyor-General, John W. Bosi; Attorney General, J. Hamilton; Harbor Commissioner, James H. Cutter; C.erk of the Supreme Court, George Leckel; State Printer, D. W. Gelwicks; Congressuen—First District, S. B. Axtell; Second District, James W. Coffrolb; Third District, James A. Johnson.

THE VERMONT ELECTION.

The later returns from the Vermont election indicate that the Republican majority will be as first announced, 20,000; and that the Democrats will have fifteen members of the House of Representatives, of which John W. Stewart, of Middlebury, will be Speaker, for the thir i time. Brandon and St. Albans, strong Republican towns, elect Democratic Representatives, because of division among the former. The Vergause of towns, elect Democratic Representatives, because of division among the former. The Vermont newspapers admit that the Democrats have made gains in unexpected quarters; Colchester, for example, that elected a Republican last year by 120 majority, returning a Democrat by 62 majority, and Brandon and St. Albans also electing Democrats to the House of Representatives. In 1866 the whole vote for Governor in Vermont was 48,412, Dillingham's (R-p.) majority being 22,825, In 1865 the whole vote was 36,486, and the majority of Dillingham 18,728. The Presidential election of 1864 called out the voters in force, Lincoln's majority being out the voters in force, Lincoin's majority being 29,098 in a total of 55,740.

A report was brought in towards the close of the Convention upon the phenomena of spiritualism, which created an immense uproar. ### THE BOAT RACE.

Vast Multitudes of Visitors-The Metropolitans on the Ground-Riot in Newburg-Race Postponed.

burg—Race Postponed.

Newburg, Sept. 6.—At least 15,000 people were here to-day to witness the boat race between Welter Brown and James Hamili for \$2000 a side. Probably no former beat lace between any other two men ever excited so much interest as this one, in America. From dawn this morning the usually quiet streets of Newburg were filled with men, wom n, and children, in holiday attire, many of whom had travelled five and six miles on foot, and others having ridden twenty or thirty miles in waggons and all kinds of turnouts to get a glimpse of the greatest oarmen of the continent. Buring the night Walter Brown remained quietly at the United States Hotel, while Hamili tarried at Cornwall, about haif a-dezen miles up the river. Walter was silent, but confident, and showed excellent training and handling on the part of his tutors. The Mayor of Newburg, dreading a repetition of the law-less scenes of last summer, when a boat-race was contested here, had summoned to his assistance a body of police from New York, and accordingly, during the day, the familiar pluc uniforms of the Metropolitan Police and the well-known features of John S. Young and his Mulberry street detectives were everywhere conspicuous in the crowd that thronged the accordingly, during the day, the familiar blue uniforms of the Metropolitan Police and the well-known features of John S. Young and his Mulberry street detectives were everywhere conspicuous in the crowd that thronged the strests. All day long the air was fill d with the shrill, shricking whisles of the steamboats arriving from New York city, Brooklyn, Albany, Troy, and other towns on the Hudsou, laden to the water's brink with excited poople, who were offering odds on Brown and Hamili, as the sympathles of the betters might happen to be influenced. A number of the boats were accompanied by bands, and gamblers, thleves, prostitutes, and sporting men of various grades were all represented on the docks and in the saloons. Your correspondent came as an invited guest on the Thomas Kiley, which was chartered by Neil Bryant, Chris. O'C nnor, James W. Collier, James McMann, Charles Loew, and a number of other gentlemen. Joe Coburn, the champion, was on board, with other sporting men. "At 10:30 your correspondent visited Walter Brown, at his room in the United States Hotel, where he was lying on a bed, surrounded by half-a-dozen of his personal friends. He looked well, and said that he weighed 148 pounds, having been trimmed down from 187. He declared his willingness to pull in any water, and seemed sure of victory. Coburn offered \$550 to \$100 on that, which was not taken. Your correspondent also visited Hamill on board the steamboat where he was waiting for the chop to cease in the waters of the Hudson. He said that he weighed 161 pounds. He looked very weil, but much flesnier than Brown Be dis not wish, however, to pull until the water settled, while Brown averred that "awy water suited him." and became excited, stating that he could pull all around Hamili. At 6 o'clock to day the water was not smooth enough. Stephen Roberts, the referce, made a speech from the balcony to about five thousand people who were assembled in front of the United States Hotel, very much excited, and shouling. Some were crying out for Hamili people who were assembled in front of the United States Hotel, very much excited, and shouling. Some were crying out for Hamill, but the majority were enthusiastic for Waiter Brown. Roberis said:—"I am sorry, but it is impossible for the race to take place to-day. The water is too rough, and I cannot honestly permit the race to go on. All I wish is to have the best man win." (Cries of "Brown, Brown—Wot's he matter wid Hamill? Is ne sick, or has he funked?)" Three drunken men were making speeches at the same time with Roberts, and it was impossible distinctly to hear what he was saying. Joe Coburn said to Brown in his bedroom, before the race, "S-a a-y, honey, jest you win that race, and then think how you will be received by her Majesty when you take that out-rigger of yours to Ingland; and jest think of what the gals will say about you mow." It is feared that there may be serious trouble in Newburg to-night. More than six thousand strangers, half of whom are roughs and pick pockets, are here from New York. Captain Young's detectives arrested to day three notorious pick pockets, Jesse Allen, Theodore Davis, "Pinching Moil," and twenty-six other well-known thieves, who are all imprisoned in the jath.
